THANK YOU FOR BANKING WITH UFB DIRECT BANKING CENTER!

Helpful Hint:

Did you know Direct Deposit is not only for checking, but for savings accounts too? Create your own automated savings plan! Direct Deposit forms are available under "Forms & Tools" at nationalinterbank.com/personalplans. You can choose how much of your paycheck you would like to have deposited in your Union Federal Banking Center savings account (it does not have to be 100%) and earn our premium interest rates. Put a little away every pay period, even \$20 or \$50 per period will add up over time, and let the discipline of an automated savings plan help you achieve your financial goals. Start saving today!
